

User Liaison Group

1. Abstract

The User Liaison Group is a group that provides user support, including various procedures required for accelerator use, in order to promote collaborative-use of the RIBF facilities. The group will provide user support on matters necessary for RIBF experiments, from application to completion. The group will also provide technical support for the dissemination of information on the research results of the RIBF.

The group consists of two teams. The RIBF User Liaison Team provides various supports to visiting RIBF users through the RIBF Users Office. Managing RIBF beam time and organizing the Program Advisory Committee Meetings to review RIBF experimental proposals are also important mission of the Team in order to enhance collaborative-use of the RIBF. The Outreach Team has created various information materials, such as pamphlets, posters, and homepages, to introduce the research activities in the RNC. On the homepage, we provide information on usage of the RIBF facility. The team also participate in science introduction events hosted by public institutions. In addition, the User Liaison Group also takes care of laboratory tours for RIBF visitors from public. The numbers of visitors usually amounts to 2,300 per year.
